Healing Politics

Inspire. Motivate. Recruit. Train.

Nurses and midwives are eminently qualified for elected office. Healing Politics builds on that to:

- ✓ Inspire nurses to run for office up and down the ballot
- ✓ Identify nurses and midwives who will run and build a community to help them
- ✓ Provide non-partisan training to help nurses who run, win
- ✓ Promote a culture within the professions where we support our colleagues who enter politics
- ✓ Partner with researchers to add to what we know about nurses and midwives in elected office

Representative Lauren Underwood, RN
14th District of Illinois

✉ Kimberly.Gordon@Healing-Politics.org

Kimberly brings to Healing Politics her belief that nurses can change the world and her passion for helping them do that. Kimberly is a former cost and budget accountant and current certified registered nurse anesthetist with 20 years of political engagement, campaign work, and advocacy experience at the state and federal level. She has held leadership positions in the corporate world, the healthcare industry, and in multiple professional nursing organizations. Kimberly also teaches policy/advocacy and leadership courses to doctoral nursing students.

Education: BS – Business Administration John Carroll University; BSN/MSN University of North Carolina – Greensboro; DNP Yale University
